

Revision books

Revision Books reviewed for students with dyslexia who will find it easier to access the content of the notes if there is bullet points, numbering of points, less text, highlighting of key words/concepts, colour and diagrams, bigger print, dyslexia friendly font and plenty of space on the page. The books below are given stars as my personal view. The more stars, the more accessible the content. The subjects reviewed were those with a lot of facts for learning. There were other revision books for subjects such as English, languages, Maths etc. .

Bookshare Ireland www.bookshare.ie

Bookshare Ireland is the largest accessible library in the country available for all people with visual impairment or print disabilities. **The service is available to students with dyslexia.** It is a free service for those who qualify with over half a million books, which are available in a range of formats including audio, digital Braille, Word, and PDF. Negotiations are in progress to get school textbooks on it.

Revision packs for Science, Geography and French designed for students with dyslexia

Oaka www.oakabooks.co.uk is a UK publishing company which was set up because there were no text books with which the dyslexic daughter of its founders found easy to learn from. The Oaka System helps visual learners retain focus and interest. The Science, Geography and French packs are at KS3 level which is for 11 to 14 year olds. The Science pack has been designed specifically for **dyslexic pupils, written by science teachers and SEN specialists**. There are 23 science topic packs. They also have an Essay Writing Pack.
